French Picnic Kit for Two

~ As long as Suzette's Cooler Bag Supply lasts ~

It's time to move beyond the kitchen table. Yes, it's time for a picnic. And no one does it better than the French. In France it is an Event. No short cuts are taken. And there certainly aren't paper plates and disposable silverware. That's not to say you couldn't use these implements, but the French take their picnics seriously and consider the great outdoors to be God's dining room! If the weather is nice, outdoors is good. But here in the Midwest we see our share of rainy days so maybe a great view of outside from inside the car would have to do. Suzette recommends these four steps for a successful French Picnic.

~ STEP ONE ~

Read **Suzette's Tutorial** on packing a French Picnic

~ STEP TWO ~

Order your French Picnic Kit from Suzette's at least two hours before pick up time.

~ STEP THREE ~

Pack your bag with plates, silverware, glassware, napkins, tablecloth, wine bottle opener, small paring knife, candle, music, etc.

~ STEP FOUR ~

Pick up your French Picnic at Suzette's and go to your well thought out, or maybe not so secret Picnic location—your driveway, garage, backyard, etc.

Voilà! And there you have it.
